Antioch Takes Championship at Wauconda Fair

Local Future Farmer and 4-H Members Take N-E. Illinois Honors

Twenty-six Future Farmers and 4-H club members from Antioch brought home 11 championships; 48 blue ribbons; 28 red; and 17 white ribbons this week from the Sectional Future Farmer and the Lake County 4-H Fairs held at Wauconda Tuesday and Wednesday.

In the school exhibits of five animals shown by at least three members, Antioch showed the champion sheep and dairy exhibits.

Grand championships were won on dairy bull, by Gerald Hunter; ewe lamb, ram lamb, yearling ewe, and best sheep of show, all by Harland French; market lamb, by Philip Burke; champion barrow, by Maurice Edwards; reserve champion barrow, by Robert Carlson.

Richard Wells won the county championship in the Sears Roebuck Victory Garden contest.

Take Showmanship Honors

Other outstanding winnings were in the showmanship contests. Richard Wells, Harland French and Philip Burke won first, second and third respectively in the sheep showmanship competition; Robert Carlson placed second in swine showmanship; Kenneth Woolner won second in showing beef cattle, while Logan Lundgren showed an exceptionally well fitted Holstein heifer calf to win third place in showmanship among the 4-H members of Lake county.

Other boys from Antioch who had a part in the winning were:

Robert Hughes, Alan Thain, Donald Irving, Raymond Toft, James Crichton, Richard Redmer, Don Lee Holm, George Lescher, Jack Heick, Lyman Miller, Rudolph Kacer, Lynn Miller, Francis Wolowic, Gaylor Larson, Robert January, Benoy Drury, George Nelson and Richard Raethers.

C. L. Kutil, vocational agriculture instructor of Antioch Township High school, who is the Future Farmer advisor and 4-H club leader, accompanied the boys. He acted as superintendent of the Sheep division at both fairs.

Local business men who offered special prizes to the Antioch showmen are Antioch Milling company; Antioch Lumber company; Williams Store; Sheehan Implement company; C. F. Richards and Webb's Racket store.

Death Changes Plans for New Home in Florida

Mrs. Nellie Landrock, Taken Ill on Eve of Departure, Succumbs Monday

Taking a sudden turn for the worse just as she and her husband Louis were planning to leave for Florida to make their home there, Mrs. Nellie Landrock died Monday at 7 a. m. in Victory Memorial hospital, Waukegan. She was 66 years of age.

Services were held Wednesday afternoon at 2 o'clock in the Strang Funeral home, with the Rev. A. D. McKay, rector of St. Ignatius' Episcopal church, officiating. Burial was in Hillside cemetery.

Nellie Kellina Landrock was born at Waterloo, Ia., Dec. 24, 1877, and was the daughter of William and Augusta Kellina.

She and her husband came to Antioch from Chicago. They were 15 years proprietors of Landrock's on the west side of Channel lake. Because of Mrs. Landrock's health, they disposed of their interests this year to Frank and Frieda Mikoleit. They planned to leave last Thursday for Tampa, Fla., where they expected to make their home temporarily.

Survivors include a son, Louis K. Sautter of De Riller, La., a granddaughter, and two sisters and a brother living in California.

Collier's Article Tells of Dr. Louis Bambas

Friends of the Bambas family in Richmond, Antioch and other nearby communities were interested to note in the current issue of Collier's magazine a featured article on research Dr. Louis Bambas has been doing with regard to sulfone drugs, which are believed to show promise as cures for tuberculosis and for leprosy.

Recreation Awards Are Presented at Pot Luck Picnic

Awards earned during the weeks while the Antioch summer recreation program was in session were presented at the closing event of the summer, a pot luck supper and picnic for the children and their parents, Friday evening on the Grade school grounds.

Those who earned medals included Vernon Burdick, Charlene Nelson, Jack Nelson, George Nelson and Adella Rentner.

Letters were awarded to Billy Wilton, Mary Herman, Tommy Sheehan, David Petty, Laurie Burdick, Kenneth Rentner, Nancy Sheehan, Alta Campbell, Margie Halling, Mary Curnes, David Deering, Robert Wilton, Veda Campbell, Rick Radtke and Pat Eatherton.

Those who have not as yet received their letters can get them from Adella Rentner, it is announced.

Seek to Inform Lt. Cdr. McMillen of Father's Death

Services Are Held at Grayslake for Willis J. McMillen, 71

Efforts are being made through the Red Cross to contact Lt. Cmdr. James W. McMillen of Antioch, care of the San Francisco, Calif., Fleet post office, to inform him of the death of his father, Willis John McMillen, 71, for whom funeral services were held in Grayslake on Monday of last week.

A cablegram was sent to Lt. Cmdr. McMillen by his wife, Phyllis, to inform him of his father's sudden illness and his death Aug. 5, at the home of a daughter, Mrs. Wesley (Leila) Faulkner, Capron, Ill. No acknowledgment had been received early this week, and it is not yet known whether or not the cablegram had reached its destination.

Willis John McMillen was born Feb. 5, 1873, in Osborn City, Kans., the son of Aurilla and James McMillen. His twin brother passed away there. The family later moved to Lake county, making their home for a time with the A. A. McMillens.

On March 4, 1897, he was united in marriage with Miss Maude Seesholtz, who preceded him in death on Christmas morning, 1934.

Buildings Show Workmanship A brick mason by trade, McMillen helped in the construction of many homes and buildings in Grayslake and the surrounding territory.

He suffered an attack of influenza last winter from which he had never fully recovered. He was stricken with his final illness on Tuesday, becoming rapidly worse.

In addition to his son, James, who before entering the navy was a noted athlete, and who found time at the University of Illinois, besides being an honors graduate in the engineering school, to captain the Illinois team that starred "Red" Grange, he is survived by his daughter, Mrs. Faulkner, and

Co-operation in Preventing Grass Fires Is Asked

Unnecessary Alarms Waste Money, Manpower Hours, Officers State

A warning against the accidental or deliberate setting of grass fires in Lake county during the present period of dry weather was issued this week by Deputy State Fire Marshal James Stearns of Antioch.

Pointing out that the Antioch fire department received five such calls Sunday, and the Fox Lake department six, Stearns also commented on the fact that fire departments answering a continuous series of calls to the rural regions are at the same time obliged to leave the rest of their districts unprotected.

The co-operation of local residents and visitors has also been requested by Fire Chief L. R. Van Patten of Antioch.

Besides the cost of turning out the fire department (about \$50.00 for each call), unnecessary alarms mean a considerable loss in manpower hours while the volunteer firemen are out on an alarm.

Four Chicago youths, ranging in age from 13 to 15 years, who was responsible for setting fires along the highways at Fox Lake were taken into custody Sunday.

Three of the boys, who appeared before Justice of the Peace Michael J. Haney on Monday, were fined \$12.00 and costs. A fourth lad will appear for his hearing Friday.

Damages of \$100.00

Spontaneous combustion was blamed for a fire that caused damages amounting to about \$100.00 at the Lee Burnette home on Lake street Sunday. The fire apparently started inside a shed adjoining the house.

Two calls were received to the north end of Fox lake for grass fires Sunday afternoon.

Earlier in the day, calls were received for grass fires at Loon lake and in the Crandall subdivision.

A grass fire call was received Tuesday noon to the California subdivision back of Koukol's store on Highway 173, and in the afternoon there was another grass fire alarm, at Frank Martineck's place on Bluff lake.

Calls were received almost simultaneously Saturday evening at 8:30 o'clock to the Smart farm at Channel Lake, and at Loon Lake.

Parents of Daughter

Mr. and Mrs. D. A. McDonald are the parents of a baby daughter, "Donna Lee," born at Augustana hospital, Chicago, Saturday, August 12. Mrs. McDonald is the daughter of Mr. and Mrs. W. J. Meyer of Grass lake.

by two grandchildren, Ann and James McMillen of Antioch.

His brother, A. A. McMillen, was for 50 years chief of the Grayslake fire department, from which he has now retired, and is a former mayor of that town.

The Rev. Lincoln Y. Reed of the Grayslake Congregational church officiated at services held in the Strang Funeral chapel in Grayslake. Interment was in Fort Hill cemetery.

"Chain O' Lakes Day" Subject of Lions Club Plans

Organization Invites Legislators to Make Tour of Lakes Area

Plans for a tour of the Chain of Lakes which were begun by the Antioch Lion club at a meeting July 24 were continued at a business session following a dinner in the Roundup restaurant, Highway 21, Monday evening.

All state legislators and other elected officials who have committee posts affecting the lakes in any way are being invited to take part in the tour as guests of the club to inspect improvements that have been made and to view the locations for which improvements are planned in the future.

The program committee for the affair includes Harry J. Krueger, chairman, William M. Marks, Dan S. Boyer, C. K. Anderson, James Stearns and William A. Rosing.

While the exact date has not been announced, it will take place some time before Sept. 1.

Ask Subdivisions to Help

All subdivision organizations, conservation clubs and other organizations and individuals interested in the improvement and welfare of the lakes region are being contacted for their aid in sponsoring the tour.

The committee in charge of financial arrangements includes John P. Miller, F. J. Arnold, Ben R. Burke, Fred Oschmann, H. A. Smith and George Wagner.

Reports on the Lions national convention held in the Civic Opera house, Chicago, on Tuesday, Wednesday and Thursday of last week were made by the delegates, C. K. Anderson and John P. Miller. Krueger and Arnold were the alternates.

Village Council Studies Projects Affecting Future

Water Mains on North Avenue, Sewage Disposal, Zoning Discussed

A number of important matters concerning the future welfare and expansion of the village were considered at a special meeting of the council, Tuesday evening in the village hall.

The possibility of increasing the road and bridge funds for the village was discussed and George S. McGaughey, village attorney, was instructed to prepare an ordinance for this purpose.

A request for information regarding the possibility of installing sewer service and also of increasing the size of the water main serving North avenue east of Route 21 was made by Ray Gruidl on behalf of the Regal China company.

In the course of the discussion brought out by this request, it was revealed that the area in question, including Scott's dairy, is served by a two-inch main which was installed as a private venture when the dairy went into operation about 20 years ago. It was observed that with the enlargement of the Regal plant, and the possible location of other industries in that area, there will be a heavier drain on the water supply.

The present piping, it was pointed out, is of galvanized material, the life span of which is estimated generally to be in the neighborhood of 15 years.

Would Lay Sewer, Also

The possibility of placing sewer pipes at the same time that the digging operations for re-laying of larger mains are in progress was also considered, but it was noted that sewer and water supply pipes must be laid separately, unless circumstances make feasible a "ledge" arrangement with the water pipes a certain distance above the sewer pipes.

Improvement and modernization of the present sewage disposal plant was the subject of a discussion introduced by Village President George B. Bartlett.

Pointing out that the gradual growth of the village and the increase number of small industries locating here will tend to overtax the plant in its present arrangement as well as to necessitate expensive annual maintenance if the plant is not modernized, President Bartlett advocated a study of this problem, with a view to improvement of the plant.

A Little Criticism Is a Helpful Thing

Not long ago this office was visited by a young service man from Evanston who had earned a furlough because of extended overseas duty and was spending a part of it with relatives at Grass Lake.

His conversation was of particular interest to us because, while we had heard and read that many of the men returning from overseas felt that the folks at home were not sharing in their sacrifices to a fair degree, this was the first occasion on which we had actually heard any of the men express that opinion.

Now we ourselves never were of that school of opinion that believed "it would be a good thing if there were a few bombs dropped over here."

In fact our main thought is that it is most regrettable that bombs ever were dropped anywhere, at any time. We really believe that most Americans, of all classes, creeds and racial ancestry want to do the right thing, in whatever circumstances they may find themselves.

We realize that here, as in all other countries, there are some people who are just naturally chiselers by nature. Then, too, there are those who take a certain pleasure in "beating the game," whether that game is rationing, speed laws, or any other rule that they find personally inconvenient.

There also are a great many persons who are working long hours, taking on extra duties, as in Red Cross or nurse's aide work, raising Victory gardens, canning food, and in other unobtrusive ways making helpful contributions to the war effort.

It is true that these things do not compare with the efforts and sacrifices made by many of our men in the armed services. We can never adequately appreciate what some of these men have done, but we can, and do, feel a deep, heartfelt pride in them.

It is also true that we have not been called upon to sacrifice or to suffer to the extent that civilians have in many countries. This is not particularly to our discredit, or to our credit. We have simply been more

fortunate. We may wish that we could alleviate the suffering elsewhere. We can certainly work and plan toward that end. At the same time, we would be foolish if we did not feel very thankful, rather than guilty, to think that we have been spared the horrors of total war to that extent, at least. An un-bombed American factory is worth considerably more to the Allied cause than a ruined one would be.

At the same time, the war worker who puts in long hours does have a compensating pay check; the manufacturer does have a certain profit to show for the use of his plant; the housewife who puts in long hours canning and preserving does have a heartening array of food for her family on the cellar shelves; the Victory gardener has some nice, fresh vegetables; the Red Cross worker has the pleasure of thinking that perhaps the weary hours spent in making surgical dressings will help in the saving of lives; the blood donors know that their contributions are vital to our country; the laborer, in biblical phrase, is no doubt worthy of his or her hire, and there is, or should be, no disgrace in receiving it.

In other words, we believe it isn't a case of all the home folks being selfish or callous. It's just that those who are generally make the biggest noise. Americans never did see much sense in the idea of putting on a long face. People overseas are amazed at the cheerfulness of our service men. We can't see any great need for surprise over the fact that the rest of us try to be cheerful, too.

—But we aren't so sure that we'd blame any of the boys if, after living on C-rations for a spell, they got sore when they heard someone complaining about their inability to get good porterhouse steak.

NORTHERN ILLINOIS—THE LAND OF OPPORTUNITY

How this "hub of transportation" fits into your plans of tomorrow

From north and south, from east and west, America's lines of transportation come together in the central area of Northern Illinois.

Converging here, are twenty-two great trunk-line railroads and seven airlines that reach every part of the United States. A network of highway transportation covers the area, and transport by water is available on Lake Michigan and the Lakes-to-the-Gulf Waterway.

Yes, manufacturers in Northern Illinois are fortunate in having unexcelled transportation. It is faster, costs less because they ship the shortest distance for national distribution. From this area, products can be delivered to nearly one-half the nation's population in forty-eight hours or less.

Many swine ailments can be prevented by good management. Keeping hogs comfortable as well as healthy means fewer losses and greater gains for the feed consumed.

Thomas Prest patented the keyless watch in 1820, but it did not become popular until the end of the century.

THANKS FOR THE LIFT, AMERICA!

All Over the World, Our Fighting Men Salute the Home-Front for "Backing the Attack" in the 5th War Loan Drive. The 5th War Loan Has Gone Over the Top!

You've attained every one of the 5th War Loan objectives—and then some! The overall goal, corporate and individual, was \$16 billion; \$20,639,000,000 was realized. The individual goal was \$6 billion; \$6,330,000,000 (preliminary) was realized. The "E" or "People's" Bond goal—the most important element in the individual quota, and the hardest one to make—was \$3 billion; \$3,036,000,000 was realized.

The American public has scored not only a resounding Victory on the home-front, but the greatest one to date!

For this inspiring demonstration of "Democracy-in-Action," our fighting men on all the far-flung battlefronts of the world give thanks for the lift. The spirit you have shown gives reassurance of support to those on the long and bloody road to Berlin . . . and Tokyo.

Every man, woman and child in America may well thrill with pride at the success of this unprecedented drive—the greatest war-financing operation the world has ever known. This includes the millions who "dug deep" to buy extra Bonds and the untiring volunteers who helped sell them—the whole cavalcade of America galvanized into action on a spontaneous voluntary basis.

But just as the battle continues with ever mounting fury, so we on the home-front must continue to "back the attack." As General Eisenhower has said:

"Satisfactory as is the progress of this battle to date, in magnitude it is but a mere beginning to the tremendous struggles that must follow before final victory is achieved."

"To this end we need every man, every weapon, and all the courage and fortitude of our respective peoples. The Allied soldier will do his duty."

Yes—and we on the home-front will do our duty, also. Let no man think that in such heart-stirring times as these, when our boys are facing their most crucial weeks and months ahead, that the part we play in buying Bonds is trivial compared to their earth-shaking deeds and heroic challenging of death.

Far from trivial, our home-front tasks are today more important than ever.

Encouraged by the example of what a united people can do when the cause is just, let us continue to "back the attack—buy more than before" until the day of final victory. And let us resolve not only to buy bonds to the fullest extent of our powers, but to hold them until maturity—for a better, a safer, happier world for all.

Keep "Backing 'Em Up"—WITH WAR BONDS

SOCIETY EVENTS

Minnis Clan Holds Its Annual Reunion

The second Sunday in August has long been the date of the annual reunion of the Minnis clan and this year as many times previously, this family gathering was held at the old homestead near Brass Ball Corners, now the home of Mr. and Mrs. Frank Dixon.

The relatives from afar began arriving Saturday afternoon and some remained until Monday with other members of the family.

A buffet dinner and supper were served on the lawn in the shade of the old oak trees which have shaded that lawn for several generations.

The roster of guests is always a large one, but this year names were missing that had always been on the register. Prominent among them were those of Mr. and Mrs. Alex Clark of Penfield, Ill., who were absent for the first time in many years.

Present were the following: Mr. and Mrs. Guy Bergstrom and daughter, Evelyn; Misses Lucia Orvis, Grace Durkin and Betty Durkin; Miss Aleene Minnis, and Ned Durkin, all of Chicago; Mr. and Mrs. Orson Pierce, Mrs. Nellie Pierce, all of Cleveland, O.

Mr. and Mrs. Lee Minnis, Waukegan, Ill.; Mr. and Mrs. Lemuel Minnis and daughter Rose Marie, and Miss Sadie Smith, all of Glen Ellyn, Ill.; Mr. and Mrs. Hugh Minnis, Ill.; Mrs. Arthur Minnis, Riceville, Ia.

Mrs. Joseph Kneer and daughter Elaine, Griffith, Ind.; Mr. and Mrs. Grant Minnis, Kenosha, Wis.; Mr. and Mrs. Lawrence Munson, Mr. and Mrs. Rex Copper, Withee, Wis.; Mrs. Milton Bryan, Penfield, Ill.

Mr. and Mrs. Elmer Getka and children, Vincent, Walter and Mary Edith, Glades Corners, Wis.; Mr. and Mrs. Stages Mandernack and daughters Leslie Ann and Carol Jean, Racine, Wis.; Walter Tennas, Bristol, Wis.

Mr. and Mrs. Frank Dixon, Mr. and Mrs. Roger Hinton and daughters Loretta and Annette and son James, Mr. and Mrs. Everett Minnis and children James and Donna Mae; Mr. and Mrs. Frank Dixon, Mr. and Mrs. Lloyd Henslee, Mrs. Annie Minnis and daughters, the Misses Enola and Lucia Minnis, Mrs. Susan Manning, the Misses Jennie and Jossie Loesch, Miss Carol Poynter, all of Salem.

Mrs. Lela Kunkel, Burlington, Wis.; Dr. Guy Runkel, Baltimore, Md.

The family traces its descent to James Minnis, who came from Scotland to America in 1849 and went at once to California in search of gold.

His wife Jane and their six children arrived in 1852, settling in Salem to await his return. A son, John, started west hoping to meet his father at a half-way point, but the father returned and the son was never heard of again.

Mr. and Mrs. James Minnis made their home at Brass Ball Corners for many years and became active members of the community.

A pleasing feature of the reunion Sunday afternoon was a vocal solo by Miss Rose Marie Minnis.

Thirteen young men from the group that assembled are in the armed service and greetings were sent to all of them.

ARRANGE 37 TABLES AT ST. PETER'S ANNUAL CARD PARTY

Heat and gas rationing failed to quench the enthusiasm of those who attended the annual August card party sponsored by St. Peter's parish, Tuesday afternoon in St. Peter's hall.

Thirty-seven tables of cards were in play, and a sale of home-baked goods and garden produce was also well patronized.

Refreshments were served by a committee under the chairmanship of Mrs. James Caple.

Mrs. Myrus Nelson and Mrs. John Brogan were in charge of the baked goods sale; Mrs. Thomas Killoran, reception; Mrs. Cletus Vos, Mrs. Frank Kennedy, prizes; Mrs. Edmund F. Vos, tickets; Mrs. William Walters, Mrs. August Teichert, special features; Mrs. Thomas E. Hunt, advertising.

The Rev. Francis M. Flaherty was general chairman.

Donna Masopust, daughter of Mr. and Mrs. George Masopust, California subdivision, underwent a tonsilectomy at Victory Memorial hospital Saturday.

The Observer

Two strangely contrasting stories have come out of France during the past few weeks. One is the story of Major Howle, the heroic "Major of St. Lo." The youthful Virginian, who personally had led his men in combat, had declared that he was going to be "the first to enter St. Lo." He died before the city was taken. But he did enter St. Lo at the head of his command, even as he had promised, for his men placed his body in an ambulance, and at the head of his unit they brought him into the city and placed his flag-draped casket on a pile of rubble before a church, while they fought on to clear the city of the enemy.

The other story comes from St. Malo, where some of the German soldiers were reported to be shooting their officers so they could surrender.

The one was a winning; the other a losing, outfit. But can you imagine such a happening as the latter one at Corregidor? at Bataan?

It has been our observation that adversity seems to draw all Americans, of whatever rank, or nationality, or creed or economic status, closer together.

Perhaps we "foolish Americans" with our "foolish idealism" really have something that's a lot more important than money, or power, or resources—valuable as all those things are—and that's the ability to "stick together" and to "get in there and pitch" when the going is hard.

Lt. Comdr. H. E. Spafford (MC) has been transferred from San Francisco, Calif., to Clatskanie, Ore.

Willis T. Griffin, MM 2/c, has a new unit address on the New York Fleet post office.

S/Sgt. H. S. Groebli's APO address on the San Francisco list is now 955.

Cpl. M. R. Linter, formerly at Fort Sheridan, is now at Camp Sibert, Ala.

Sgt. Stanley Oien has been transferred from Patterson, N. J., to Camp Stewart, Ga.

Miss Barbara Buchta has received word from her fiancé, Cpl. Peter Jeevius.

"I have finally left England and now am in France. I can't tell you about France very much. But I can tell you the people in France wear wooden shoes. It must be their custom. They do not speak English. When we were in England, the English kids would say, 'Got any gum, chum?' Now the kids in France ask us for cigarettes. They have a funny way of saying it, but we can understand them. The country here is very pretty."

Cpl. Jeevius has been in the army for about 27 months, 23 of which have been spent overseas. He is the son of Mr. and Mrs. Steve Jeevius, Route 173.

Mrs. Carl M. Carlson has had as her guest for a few days this week her sister, Hazel Fredin, who recently received her Pfc. rating in the U. S. Marine corps. Pvt. Fredin, who has been in the marine corps for the past 11 months, is stationed at El Centro, California.

LT. H. T. MEINERSMANN IS AWARDED AIR MEDAL

The following release has been received from a Ninth Air force troop carrier base in the European theater of operations:

"First Lt. Herman T. Meinersmann has been awarded the Air Medal, in recognition of meritorious achievement while participating in aerial flights in the European theater of operations during the recent invasion. As a troop carrier pilot, Lt. Meinersmann climaxed an intensive period of training by a superb performance in the initial phases of the invasion of the continent.

"Lt. Meinersmann is the son of Mr. and Mrs. H. T. Meinersmann of Lake Villa, Ill. He formerly attended Antioch Township High school and prior to entering the service was employed by the Chicago Roto Print company as a photo engraver.

"The command to which his unit is assigned is part of the Ninth Air force, the U. S. component of the Allied Expeditionary air force, and is commanded by Brig. Gen. Paul L. Williams."

AIR MEDAL IS CONFERRED ON LT. WILLIAM WALKER

First Lt. William M. Walker, 27, of Lake Villa, recently was awarded the Air Medal. The presentation was made by his commanding officer, Maj. Jack C. Clark of Mt. Pleasant, S. C.

Lt. Walker, a pilot in the Ninth Air Force A-20 "Havoc" light bomber group, "Beaty's Raiders," is flying daily missions over occupied Europe and the current invasion area.

Joseph F. Nader, F 2/c, son of Mr. and Mrs. Joseph Nader, Lake Villa, was home on a three-day leave during the week-end. He is attending electrician's school at St. Louis, Missouri.

Sgt. Eugene E. Doyle, formerly at Camp Maxey, Texas, is now on overseas duty. His APO number is 5780, New York.

William H. Zeltz, AS, Chicago, who is known to his Antioch friends as "Bill," is completing his fourth week of training at Great Lakes. He is a nephew of Mrs. Ed F. Vos.

Cpl. Roy W. Aronson, son of Mr. and Mrs. A. W. Aronson, is reported to be in France, serving with a medical unit.

First Lieutenant Shirley Hollenbeck Murphy has been assigned to duty in France.

Pvt. Edward Sorenson is expected to arrive home this week from Ft. Riley, Kans., for a furlough.

"Boy, this sure is a hot state," writes Pvt. Donald Lasch from Camp Blanding, Fla. "I don't see why anyone likes to come to Florida for the winter time. I will take Antioch any day."

"Can you tell me whether any of the boys are in this camp from Antioch? If so, please tell me, and I will look them up."

"We get up here at 3:45 every morning and work until 9 o'clock. We started those hours about a week ago."

Pvt. Xavier Schimmel, Cpl. S. D. Hughes, Sgt. Mary Jane Tinker are others listed as being at Camp Blanding.

A new address has been received from Elmer D. Sheehan, MM 3/c, San Francisco Fleet post office. Willard W. (Hap) Schneider, EM 2/c is with the same unit.

BLITZ BACTERIA BATTALIONS BY FOLLOWING SIMPLE RULES

Photo Courtesy Ball Bros. Co.

Victory on the home-canning front is easily won by those who understand the ruthless nature of the enemies—yeasts, moulds, and bacteria—that sneak into jars of food to cause spoilage. Usually they go into the jar on the food. Decayed spots and crevices or broken places in the skin of fruits and vegetables serve as their favorite foxholes.

Sometimes they float in on the air, and at others steal a ride on a spoon or dirty dish cloth. A small battalion is easier to destroy than a large one so the first thing to consider is how to keep a jar of food from being occupied by a huge army of these detestable, microscopic organisms.

The soil of the earth, and fruits and vegetables which are stale, or over-ripe, or bruised, or broken, or dirty, or decayed, serve as headquarters for yeasts and moulds and bacteria. That is why sound, strictly fresh, home-grown produce must be chosen for canning.

Bacteria, the hardest-to-kill of the enemy group, multiply rapidly in vegetables, such as corn, peas, lima, and other shell-out beans, and are hard to kill once they are established, because the vegetables contain no natural acid to help make it easier for heat to destroy the bacteria.

Gladys Kimbrough, Home Service Director for Ball Brothers Company, gives 13 rules which, if followed in every detail, will insure victory for the home canner all along the line. They are:

1. Use jars made for home-canning purposes. All home-canning jars have a name molded in the side. Jars with names or letters on the bottom only are intended as one-trip containers for factory-packed foods. They are made as thin as possible in order to hold down shipping costs. Because of this, their reuse is doubtful economy.

2. Examine every jar, cap, lid,

and rubber before using. True, these are inspected before they leave the factory but many things can happen to them before (and after) they reach the home kitchen.

3. Remember that people who make things know more about them than anybody else; so use jars, caps, lids, and rubbers by the manufacturer's instructions.

4. Unless vegetables grow in your own garden or can be bought from a grocer who will gather them early in the morning of the day they are to be canned, forget about canning them. Vegetables that have had a night out of the garden are not in fit condition for canning.

5. Don't expect good results unless the vegetables are right for canning.

6. Every vegetable should be washed clean before its skin is broken. Washing away particles of dust and soil also washes away bacteria, yeasts, and moulds. Green beans and okra require special attention because the short thick nap or fuzz on them holds dust. The blossom end of okra may hold both dust and insects.

7. All non-acid vegetables should be precooked and packed hot for processing.

8. Vegetables should be packed in jars loosely enough to permit the liquid to circulate between the pieces. Food values are higher when vegetables are canned with the water in which they were precooked, provided the water is not wasted when the food is used, but the flavor, and possibly the keeping qualities,

of some foods is better when they are canned in fresh boiling water.

9. Vegetables usually have better flavor if a small amount of salt is added at the time of canning, but they keep as well without it.

10. Remember that every minute wasted between the steps of preparing, packing, and processing is a minute in which bacteria grow stronger. This is particularly true of the bacteria which cause flat-sour. Flat-sour food may look good but tastes bad and often smells that way. Flat-sour can and does begin before processing if the vegetables are stale or over-ripe, or left standing two or three hours in a hot kitchen, or if the food is not cleaned, prepared, and packed right.

11. When possible, use a steam pressure cooker for processing all vegetables except tomatoes, and even use it for tomatoes if you like. But the use of a pressure cooker will not guarantee success unless it is in good condition and operated according to the manufacturer's instructions.

12. If you have no pressure cooker, process vegetables by boiling in a water-bath canner. Yes, the vegetables will keep if all rules are kept, and they will be safe to eat if they are boiled for fifteen minutes before they are tasted.

13. Never taste canned vegetables, regardless of how processed, until they have been boiled fifteen minutes. There is one type of bacterium that may get into the jar and cause spoilage which is odorless, tasteless, and dangerous. The toxin caused by these bacteria is destroyed by the fifteen minutes boiling. The boiling doesn't necessarily destroy the bacteria that cause the toxin; so left-over canned vegetables should be reboiled before serving.

Trying Times

The words, "These are times that try men's souls," appeared in "The Crisis," a pamphlet written by Thomas Paine in 1776.

Rags for War

Rags are needed in the manufacture of blueprint paper and are used in the asphalt roofing of military buildings.

Making Your Own Accessories Means War Bond Money Saved

Light heads are the fashion for spring and summer. This light-as-a-breeze topper made of crocheted cotton squares is a gay accompaniment to your warm-weather wardrobe. The matching bag is roomy and simply made. Making your own accessories means money saved and extra War Bonds bought. Directions for crocheting this hat and bag set may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying No. 1671.

U. S. Treasury Department

Village Council ...

(continued from page 1)

I. Scott, seconded by Councilman George Wagner, it was voted that a state engineer be requested to visit Antioch to make a survey of the present plan and present suggestions as to its modernization.

The advisability of inaugurating a sewage service charge in the village, similar to the water supply charge, was considered.

Zoning Question Introduced
The question of zoning the village into residential, business and manufacturing districts was also brought up, and the recommendation was made that there be further study on this matter with a view to working out a practicable plan.

A letter from the Federal Works agency in reply to inquiries from the village board concerning post-war projects was read by Village Clerk Ray L. Murrie.

The letter, written by R. C. Ashton, acting regional director, stated, in part, that—

"Up to the present time there has been no legislation in Congress for the establishment of any funds for post-war development of plans. However, we do have a file of post-war prospectuses accumulated under the Public Works Reserve and the Local Public Works Programming offices.

"Any project filed by you will be incorporated in the old files. They carry no obligation on the part of the government.

A second letter, from the Illinois Municipal league, of which Antioch is a member, was also read. In it were announced the plans for the Thirty-first Annual convention of the league, to be held in Peoria on Tuesday, Wednesday and Thursday, Oct. 31 and Nov. 1 and 2. Antioch will probably send a delegation to this

meeting, but delegates are to be chosen later, it was decided.

Anticipate Large Crowd at Rescue Squad Benefit

Everything is in readiness for the big annual benefit dance which the Antioch Rescue squad will sponsor this evening in the Channel Lake pavilion.

There will be dancing to the music of Howard Gaston's six-piece orchestra, with Delores Gerken as soloist, and sandwiches and other refreshments will be available. An attendance in the neighborhood of 1,000 is expected.

Vacationist Falls Against Window, Cuts Wrist

A call for emergency first aid was received by the Antioch Rescue squad Saturday evening at 11:45 o'clock when Mrs. Charles Bures of Berwyn, vacationing at a cottage near the Charles Holmes resort on Indian Point lost her balance and thrust her arm through a window, cutting a gash in her wrist.

She was brought to town by her husband and members of the rescue squad administered first aid to check the bleeding until Dr. I. B. Breadstone could be summoned.

Nine stitches were required to close the wound.

Camp Paper

Morgan's famous Confederate raiders had their camp paper, too. It was published intermittently on whatever press the cavalry could capture.

Starch Garments

Sheer cotton garments, unless they have a permanent finish, look better if given a light starching. Piques and other heavier fabrics are firm enough without this.

"Wishing Fountain" Fund Started for Hospital Use

A "wishing fountain" for the benefit of a veteran's hospital, inaugurated July 15 at the Nineteenth Hole on Highway 59 has netted \$25.00 already, Mrs. Gretchen Meinersmann, proprietor, reports.

Persons contributing to the fund are asked to deposit a coin and make a wish.

The "wishing fountain" will be maintained until Oct. 1, when the accumulated proceeds will be turned over to a military hospital, preferably for purchase of blood plasma or for whatever other purpose the hospital may deem advisable.

When Baby Travels

When you and your baby are traveling in hot weather, take the bottom of a suit or coat box, folding a blanket in the bottom and using it as a car or train bed. The baby can sleep undisturbed while being moved from lap to lap, or from train to train.

Hot Peppers

Peppers in this country do not play the part in the menu that they play farther south, where the weather is hot, and the food hotter. But the mild type is becoming increasingly popular, both in the raw state in salads, and in various cooked forms.

Winter Squashes

The winter squashes include a group which can be baked, and are as sweet as melons. Among them are Des Moines or Table Queen, which is said to have been grown by the Indians; Buttercup, Sweet Potato, and others, each of which has its advocates as the sweetest of all.

Textile Employment

From 1914 to 1939 the number of wage-earners in the woolen and worsted industries of the United States declined by 8 per cent, while the number of wage-earners of all industries during this period increased by about 22 per cent.

International Air Express

International air express, flown between the 350 U. S. and Canadian airport cities, and Central and South America, Mexico, Bermuda and Alaska, amounted to 87,420 shipments in the first six months of this year, or 5,862 shipments more than in the comparable 1942 period.

Million Dollar Highway

A so-called "Million Dollar Highway" built by army engineers in Dutch New Guinea has a corduroy base of mahogany logs and is surfaced with aluminum ore, both materials being the cheapest and most readily available for road-building in one district.

Keep Vegetables

Common storage of vegetables and fruits for home use is the easiest and cheapest way to keep many vegetables, apples, and pears for winter use. Some vegetables maintain more nearly their original flavor in storage than when kept in any other way.

Finnish Women

Finland's women were among the world's earliest to win the right to vote.

Mrs. Gretchen Nelson visited her daughter, Mrs. Otto Christensen, Sunday.

Mr. and Mrs. Alvin Pagel, Willmot, were Sunday visitors of her parents, Mr. and Mrs. Alvin Moran and family. Cpl. Thomas W. Nelson of Camp Campbell, Ky., is spending a furlough with the home folks. On Saturday together with his wife and sister, Miss Una Nelson, visited their brother and wife, Mr. and Mrs. George Nelson. Mrs. Floyd Lubeno and mother, Mrs. Birdella Schwery, were Kenosha shoppers recently.

Mrs. Charles Oetting, Mrs. Annie Smith called on Mrs. Dorothy Murphy and daughter, Jeanette, Tuesday afternoon in Burlington.

Mrs. Frank Harris and children, William James and Eleanor spent the week with the Allen-Copper family.

Sunday evening Mr. and Mrs. Allen Copper and daughter, Frances, motored to Chicago, the Harris family returning home with them.

MILLBURN

The local Achievement night of the Millburn Maidens' 4-11 club was held in the recreation room of the Millburn church on August 11 at 8 o'clock. Following the regular business meeting the members presented the following program to forty parents and friends:

Joan Hughes and Georgia Saylor demonstrated the making of "Banana Bread." "Becoming Necklines" was demonstrated by Johanna Cobb. The two 4-11 members, Faye Hancy and Delores Miller. Carol Miller gave a demonstration on sewing on buttons. "Seven Points of Good Posture" was told by Joanne Diehrich. Betty Miller gave a talk on "Leavening Agents." A fashion show in which the members modeled old fashioned dresses and later modeled the dresses they had made this club season was enjoyed by all present. Refreshments were served by the girls.

Joan Hughes, Club Reporter.

Major and Mrs. Harlan Fairchild and daughters of Champaign, Ill., the Rev. and Mrs. Glenn Strang and son of Green Valley, Ill., Miss Belle Hughes of Antioch and Mr. and Mrs. Leslie Bonner and family were dinner guests at the Victor Strang home Sunday. Afternoon callers were Mrs. Frank Whaples and daughter, Miss Edith Whaples of Grayslake and Mr. and Mrs. Otto Probst of Waukegan.

Mr. and Mrs. H. M. Herriek and daughter Billie, Mrs. William Carney and Donah Carney were supper guests at the Erie Anderson home Friday evening.

Mrs. Emil Wolden and daughter, Mrs. Paul Murphy and son James, Mrs. Anna Bauman, Mrs. Eric Anderson and daughter Rebecca were dinner guests at the home of Mrs. Howard Bonner Thursday.

Mr. and Mrs. Will Bonner and son Harold, Mr. and Mrs. Gordon Bonner and Lois, Mr. and Mrs. Roy Bonner and sons, Billy and David, and Mr. and Mrs. Howard Bonner attended a reunion and picnic dinner for Murrie relatives held at the home of Mrs. Nellie Murrie at Russell on Sunday.

Mrs. W. C. Upton spent the past week with her sister, Mrs. F. C. Semrow in Milwaukee.

Orville Hairell, Jr., has been an appendectomy patient at St. Theresa hospital, Waukegan, the past week.

Mr. Harlan Fairchild and daughters, Lynn and Dawn, are spending a few days with the former's brother, Victor Strang.

Mr. and Mrs. Victor Strang and the Rev. and Mrs. Glenn Strang and son Richard were supper guests of their cousin, Miss Belle Hughes at Antioch Wednesday evening.

Mr. and Mrs. O. L. Hollenbeck and Mr. and Mrs. Frank Edwards attended a picnic at Petrifying Springs Sunday for old friends and neighbors of Hickory with over 40 persons attending.

Mr. and Mrs. John Mirocka and family attended funeral services for Velma Smith, eleven-year-old daughter of Mr. and Mrs. Burnett Smith of Channel Lake Tuesday afternoon.

Mrs. Myra Edwards and granddaughter Patsy Dickey spent the week-end with Mrs. John Dickey in Forest Park.

The Mylo club will hold a beach party at Sherwood's, Cedar Lake, Thursday evening.

Herbert Baehr, Chicago, Theological Seminary, was the guest speaker at Millburn church Sunday morning. He was entertained for dinner at the E. A. Martin home.

Can Best Tomatoes

Tomatoes are easy to can if only small quantities are canned at one time. Use tomatoes that have been well ripened on the vines. Do not can overripe tomatoes or those from which decayed spots have been removed; they give a product of inferior flavor.

Good Eating

The thick stems near the flower heads of broccoli are also edible and of as fine a flavor as the heads of buds. The leaves, however, are stronger in flavor and while appreciated by foreign cooks do not appeal to the American taste, which takes only to the thick tender stems and flower heads.

Vanadium Hardens

Vanadium—the mineral that hardens, toughens, and strengthens high-grade steel—is found in minute quantities throughout the world, but only in a very few places is it sufficiently concentrated to be of commercial importance.

Crossline Pigs

Crossline pigs, obtained by crossing purebred inbred lines, give promise of being highly efficient pork producers, say the experts.
